SWEDEN YACHTS 40

**SWEDEN YACHTS**

MAKING THE SEA THE BEST PLACE ON EARTH

## MORE PERFORMANCE PER FOOT

The new Sweden Yachts 40 is made for performance sailing and luxurious living. As on all Sweden Yachts, every detail is in perfect balance, from the shape of the hull to the design of the rig. Here, everything works together as a harmonious whole to create the best performing luxury 40-footer available.

SWEDEN YACHTS 40

## AN OUTSTANDING YACHT

## AN EXCEPTIONAL 40-FOOTER TO SAIL

The Sweden Yachts 40 is so well-behaved that you can experience the sailing pleasure solo, whenever you feel like it. The self-tacking jib, a large mainsail on a 14/15 fractional rig with sweptback spreaders, makes handling the boat child's play.

The clever hull design, incorporating new keel and rudder profiles, guarantees top sailing speed. The deck layout, with no unnecessary visible equipment, contributes to the total sailing experience.

## AN EXCEPTIONAL 40-FOOTER TO LIVE IN

The accommodations are luxury class. The Sweden Yachts 40 is available with two different accommodation layouts, so you can be sure of finding the one that matches your dreams and expectations. When you choose a Sweden Yachts 40 you are selecting a yacht with an imposing personality. And as with all Sweden Yachts vessels, the craftsmanship is top class. The skilled work and artistry behind every feature lend an individual quality and appearance to each yacht.

## AN INTERACTION OF EXCELLENCE

A Sweden Yachts 40 is built using only the best materials, fittings, furnishings and equipment. Every item is selected with the utmost care to meet our standards, to give owners the highest levels of performance, durability, comfort and appearance. In short, every item is selected with excellence in mind, so as to contribute to a harmonious whole.

## THIS IS SWEDEN YACHTS

*The Sweden Yachts 54*

We build sailing yachts ranging from 34 to 80 ft at our yard in Stenungsund on the west coast of Sweden. Our first boat, launched in 1976, was a 12-metre R-yacht, specially built as the Swedish challenger in the America's Cup. Since then, we have consistently enhanced our well-earned reputation as one of the world's leading builders of quality boats. In short, every yacht from Sweden Yachts combines excellent sailing characteristics, first-class design and craftsmanship throughout every detail.
