

# A FIFTY-FOUR FOOT CONTRIBUTION TO THE PERFORMING ARTS

SWEDEN YACHTS 54

**SWEDEN YACHTS**

MAKING THE SEA THE BEST PLACE ON EARTH

## A STRIKING BEAUTY

One glance at the perfect lines of a Sweden Yachts 54, and you are bound to fall in love. Every line and plane says speed and beauty, like a thoroughbred champing at the bit. The impression is striking, to say the least!

As on all Sweden Yachts, every detail is in perfect balance, from the shape of the hull to the design of the rig. With everything working together as a harmonious whole to create the best performing luxury 54-footer available. Because the Sweden Yachts 54 is designed for performance sailing right from the start.

100% INSTANT RETURN  
ON INVESTMENT

BE SELFISH.  
GIVE THE CREW  
A DAY OFF

The Sweden Yachts 54 handles just as well on short active racing tacks as it does when leisurely cruising downwind on a sunny day. In fact, it is so well behaved that you can experience the sailing pleasure solo, whenever you feel like it.

So even if they would prefer not to miss the fun, be selfish – treat yourself, and give the crew a day off now and then.

## DESIGNED TO MAKE EVERY DAY A PERFECT DAY

As soon as you take the helm on your first cruise in a Sweden Yachts 54, you will know that your dreams have come true. Here, the helmsman comes first. Every feature is positioned for precise operation with the minimum effort. And like every other aspect of this striking beauty, the comfort and ergonomics of the cockpit are superb.

THREE BEDROOMS, TWO BATHROOMS,  
A LIVING ROOM, A SUPERB KITCHEN AND  
A BEAUTIFUL SEA VIEW

Functionality and comfort rule the below-deck quarters. The living space is more than generous, with three double cabins, two large head compartments with shower, a roomy saloon, and a galley that is an invitation to cordon blue cooking. Everything onboard the Sweden Yachts 54 has been planned and crafted to give you the pleasure of comfort aplenty.

THE LUXURY IS STANDARD

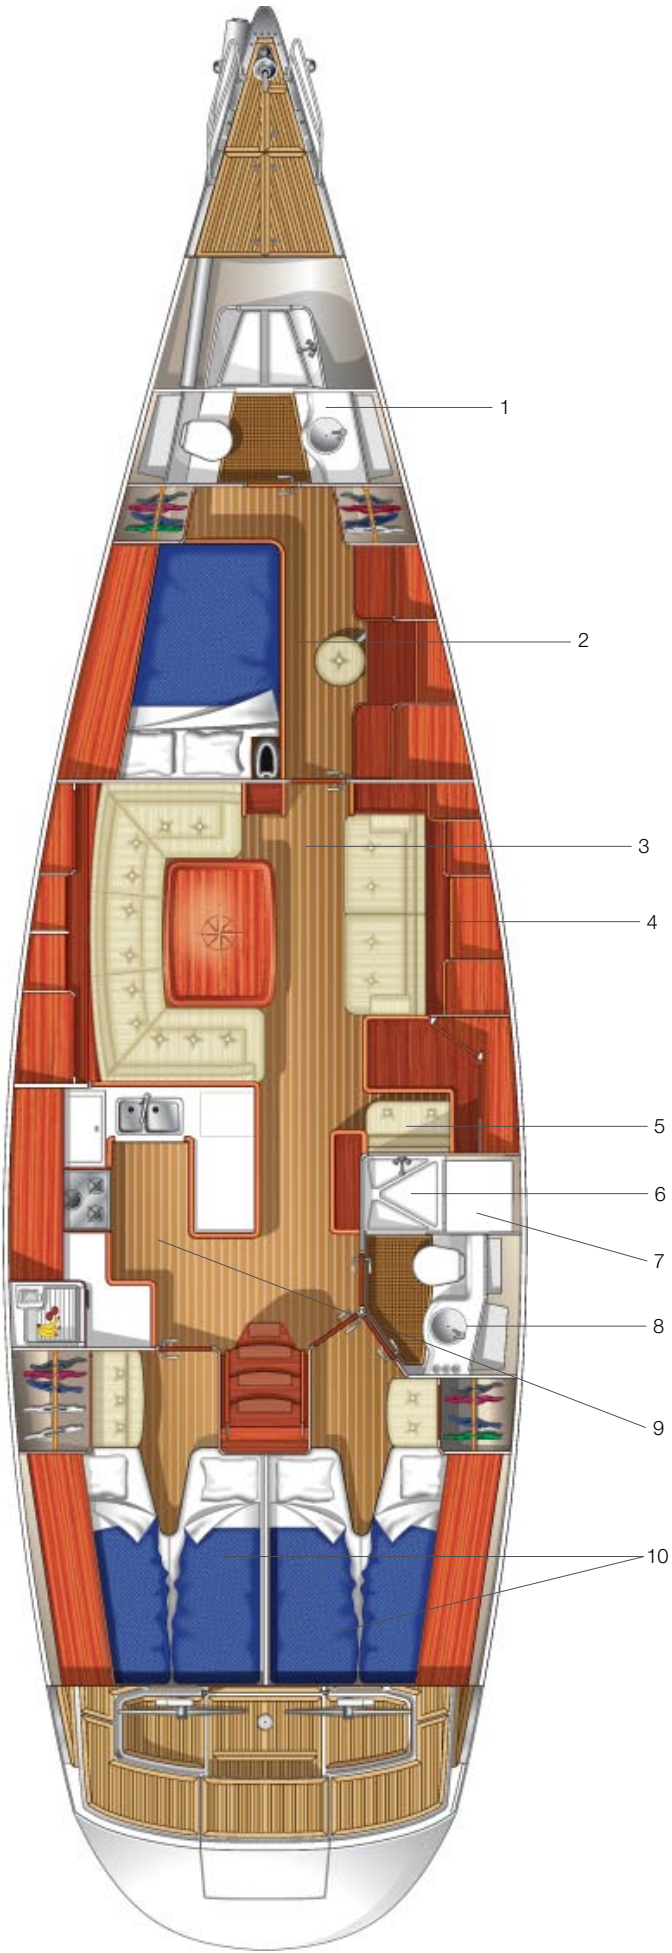

“Nowhere do you get more luxury boat for your money than at Sweden Yachts”:  
Ferenc Máté, author of The World’s Best Sailboats.

The Sweden Yachts 54 is sheer class throughout. The pure lines of the Swedish design idiom are evident in every detail, with everything quietly reflecting our yacht design philosophy: strive for the ultimate. Experience the sophisticated elegance, the superb level of equipment and the unique ambience of a Sweden Yachts 54 for yourself and you are sure to agree that we have come within a whisker of perfection. The only surprise awaiting you when you invest in a Sweden Yachts 54 is that it will exceed your expectations and wildest flights of fancy. You may call it luxury. For us, it is standard.

PLANNED  
FOR LIVING

The Sweden Yachts 54 is, of course a superior sailing yacht. But this doesn’t mean that we have discounted the importance of relaxed onboard life with your family and friends, or entertaining guests in impressive comfort. Every feature of the accommodations of a Sweden Yachts 54 is designed for the maximum of comfort and enjoyment.

- 1. Forward head compartment.
- 2. Owner’s cabin with dressing table.

19. Generator space (option).
20. Fold-out platform (Integrated gangway option).

## DINE IN STYLE

"Why build an ugly looking yacht when you can build a beautiful one?" These words by our previous chief designer, Jens Östman, sum up the whole design philosophy of Sweden Yachts.

The sophisticated below-deck accommodations of the Sweden Yachts 54 are a masterpiece of interior design. This is where you can enjoy the good life at its best. The whole atmosphere is one of harmony and natural beauty. The carpentry is so skilled and meticulous that every wooden feature seems to have grown straight out of the solid timber. The generous portlights let the light stream into the saloon, accentuating the beauty of the appointments and the special Sweden Yachts 54 ambience.

EXQUISITELY  
CRAFTED

When you choose a Sweden Yachts 54 you are selecting a yacht with an imposing personality. The master craftsmanship and artistry behind every feature lend an individual quality and appearance to each yacht.

Step on board a Sweden Yachts 54 and you instinctively feel the pride and devotion of the craftsmen who built it. Every piece of wood is oil varnished up to ten times before being fitted together. The teak selected by our master joiner for the cockpit and deck is finished to a miracle of smoothness. And we guarantee that we use only teak grown under the control of environmental authorities.

Sailing is, of course, a lifestyle choice that leaves a unique imprint on every yachtsman. The Sweden Yachts 54 is a lifetime choice that reflects your unique personality and leaves your imprint on the world about you.

LIVE YOUR DREAMS

## THE MAGIC IS BUILT IN

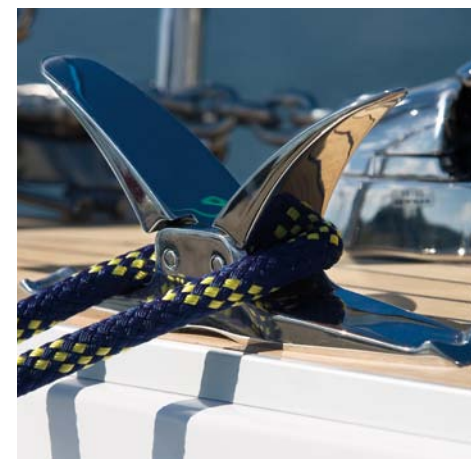

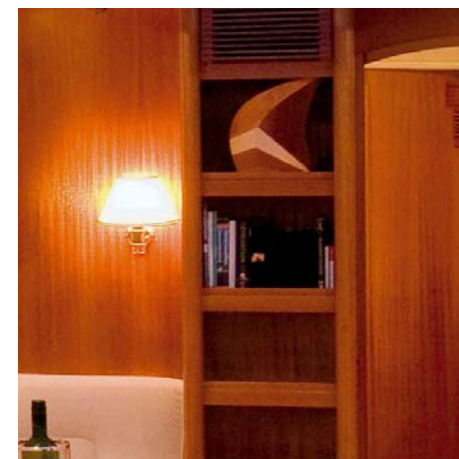

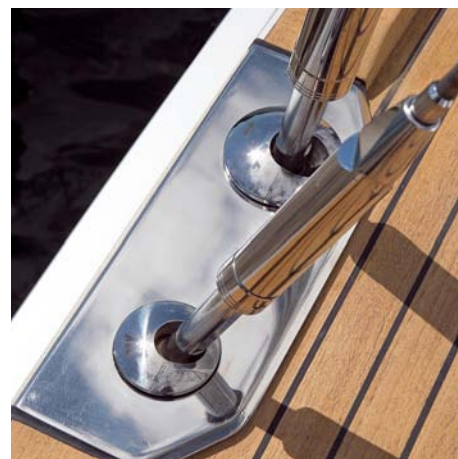

We must admit that we are fanatics when it comes to boat building. No detail is too small to be taken into account. Quality is our hallmark. The superb comfort you find onboard is the result of uncompromising efforts to exceed your expectations. Speed in the water is swift, of course, and something we are used to hearing owners discussing with pride.

A Sweden Yachts 54 is more than a yacht; it is an investment in a way of life, with more than a little magic built into the experience. It is an experience you will enjoy for a very long time. And it is one that you will never tire of.

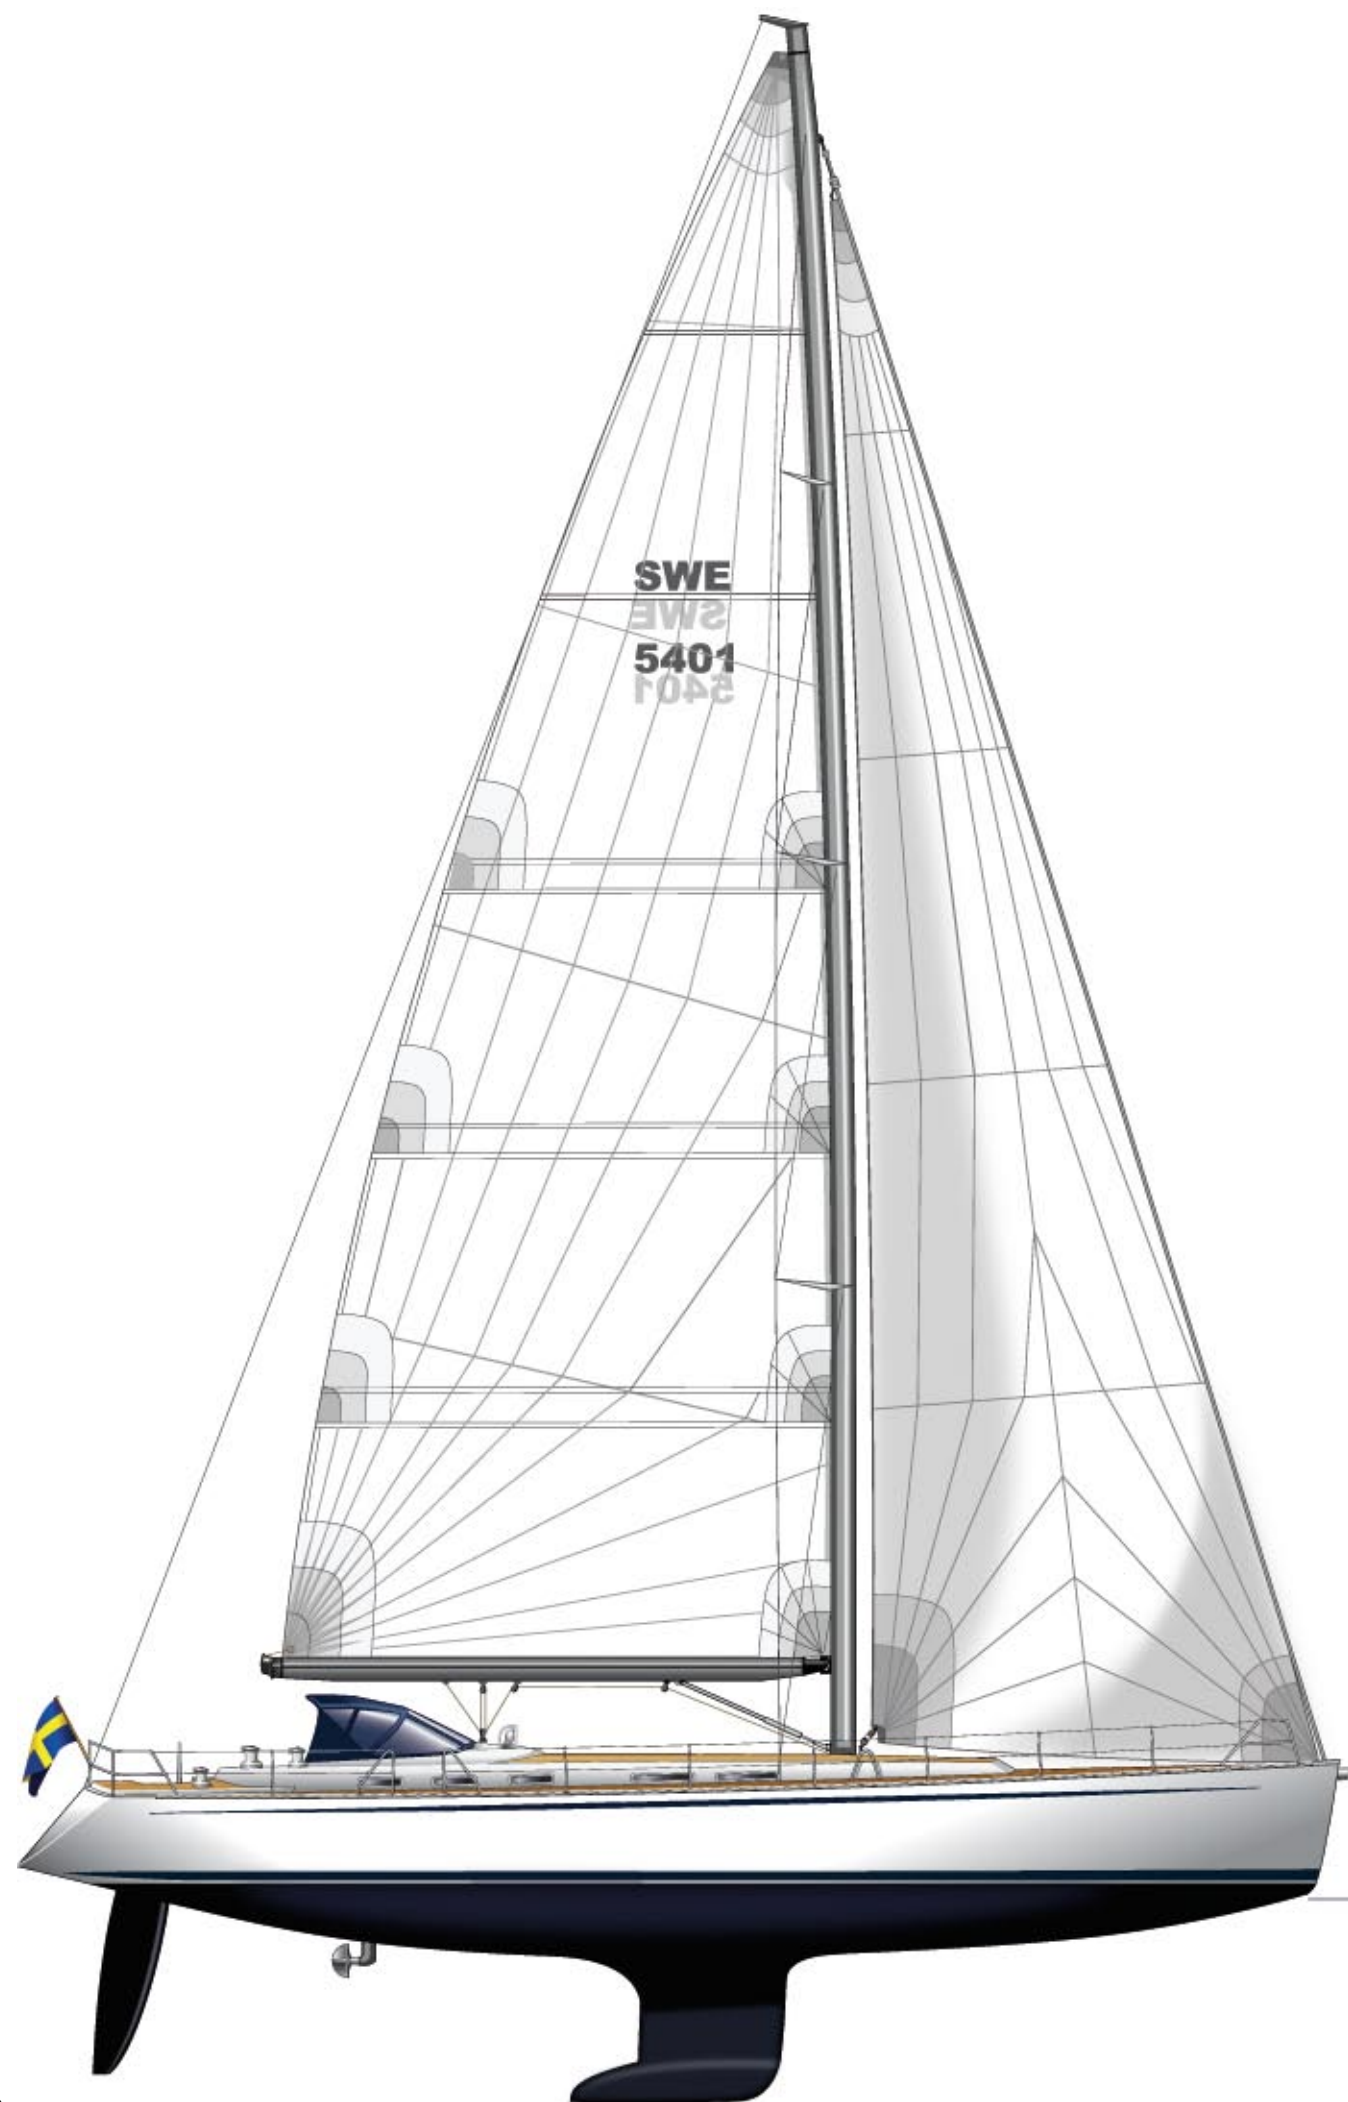

# AN INTERACTION OF EXCELLENCE

A Sweden Yachts 54 is built using only the best materials, fittings, furnishings and equipment. Every item is selected with the utmost care to meet our standards – the highest levels of performance, durability, comfort and appearance. In short, every item is selected with excellence in mind, so as to contribute to a harmonious whole.

# THE SWEDEN YACHTS 54

# THIS IS SWEDEN YACHTS

We build sailing yachts ranging from 40 to 80 ft at our yard in Stenungsund on the west coast of Sweden. Our first boat, launched in 1976, was a 12-metre R-yacht, specially built as the Swedish challenger in the America's Cup. Since then, we have consistently enhanced our well-earned reputation as one of the world's leading builders of quality boats. In short, every yacht from Sweden Yachts combines excellent sailing characteristics, first class design and craftsmanship throughout every detail.
