

Sweden Yachts 45

THIS IS SWEDEN YACHTS!

A closer look at
eight quality yachts from
34 to 80 feet.

SWEDEN YACHTS

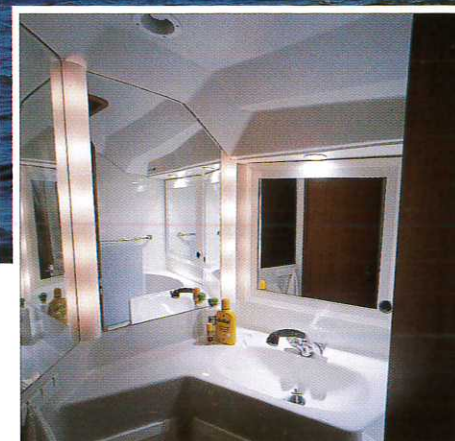

A big 34-footer with space and comfort

You will feel it right away: the 340 is built to a very generous measure, and offers luxury and elegance.

A classy salon, offering comfortable seating, two separate double cabins, ample locker space and a roomy head making showering onboard a pleasure. The pantry will please the most demanding cook and the nav station is designed for a true blue water yacht.

As with all the Sweden Yachts the 340 deck lines are refined and elegant. In addition her excellent sailing performance is paired with the sensation of security.

Length overall: 10,40 m (34'2"), Beam: 3,50 m (11'5")
Draft: 1,95 / 1,60 m (6'5" / 5'3")
Displacement: 5,7 t (12,600 lbs),
Engine: Volvo Penta MD 2030

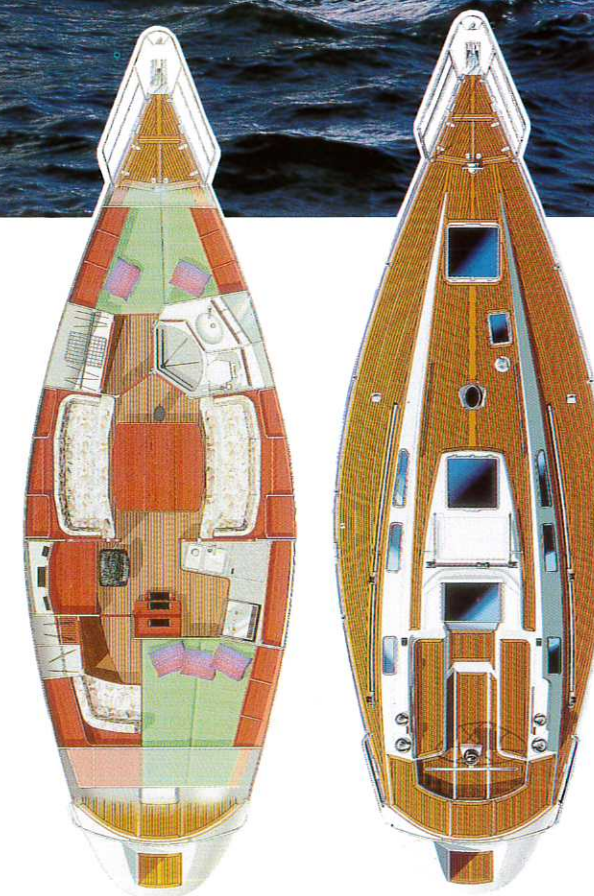

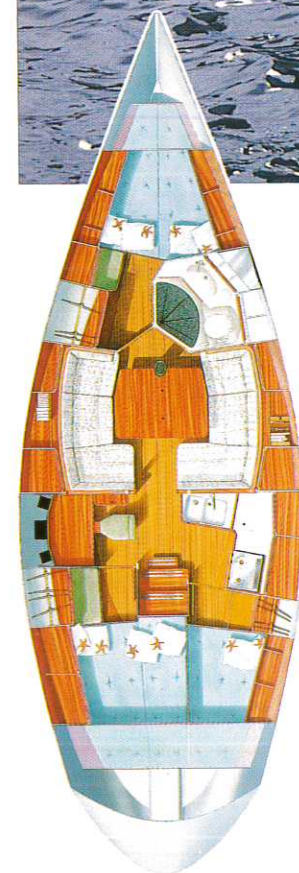

Innovative design

The Sweden Yacht 370 is a super-looking yacht, designed for shorthanded sailing, she also handles beautifully with a full crew with high demands on functionality and elegance. The interior caters for your every wish: a particularly light and large toilet cabin, two separate cabins with large double berths, most generous locker space, representative salon, well designed pantry and a nav station for pro's.

Efficient and well-functioning rig and deck layout - and the cockpit is a treat, whether you are sailing in rough conditions or entertaining guests in the marina. Good, large stowage lockers. Many good ideas onboard and a never-ending attention to detail.

Length overall: 11,15 m (36'7"), Beam: 3,68 m (12'1")
Draft: 2,05 / 1,70 m (6'9" / 5'7"), Displacement: 6,95 t (15,300 lbs),
Engine: Volvo Penta MD 2030

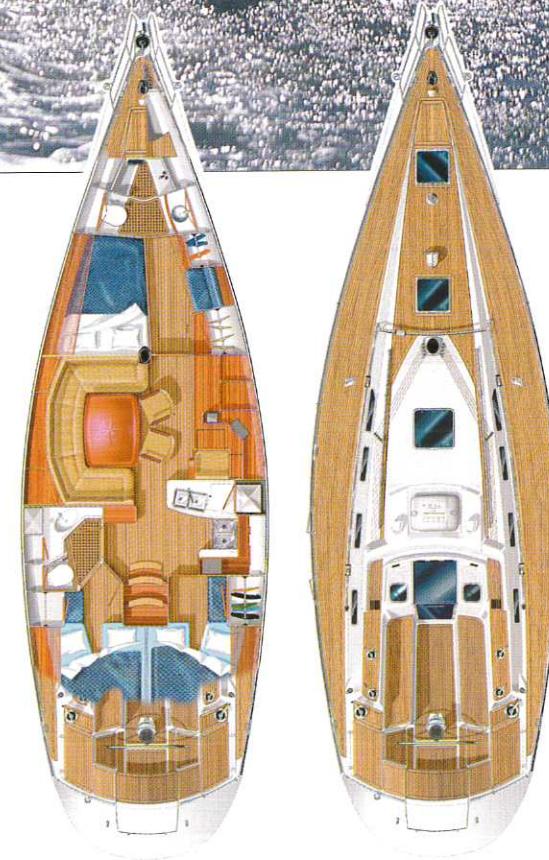

Fast and elegant

A yacht in the luxury range: Clean, elegant lines together with generous space on deck and below makes this yacht an excellent representative of the Sweden Yachts philosophy. The search for perfection in every detail is found in the quality of finish, the functional layout and the integrity of construction. The 390 is designed for shorthanded sailing with clean deck lines and a comfortable, efficient cockpit. It offers you three separate cabins in addition to the main salon and has a large, luxurious "bathroom". Also a proper nav station, wellfunctioning pantry and ample locker space throughout the boat.

Length overall: 11,88 m (39'), Beam: 3,87 m (12'8")
Draft: 2,25 / 1,75 m (7'4" / 5'9")
Displacement: 7,6 t (16,800 lbs),
Engine: Volvo Penta MD 2040

Exciting news from Sweden Yachts

The Sweden Yachts 45 is the latest model in the yard's range of fast cruising yachts from 34 to 80 feet. A beautiful craft, hallmarked by exceptional speed potential and ease of handling. With large mainsail, self-tacking jib, no inner forestay and no runners required under normal sailing conditions thanks to the swept-back spreaders. Finger-tip helm control and easy-running hull with new keel and balanced rudder profiles. Lots of stowage space, a generously proportioned cockpit with walk-thru transom to the swimming platform and tender, a large protective sprayhood and teak decks. Easy access to the below decks area, featuring three double cabins with two en-suite heads, a large salon, a fully equipped navigation station and a superb galley. Interior in silk matt-varnished mahogany and joinery styling reminiscent of the larger 70 and 80' yachts.

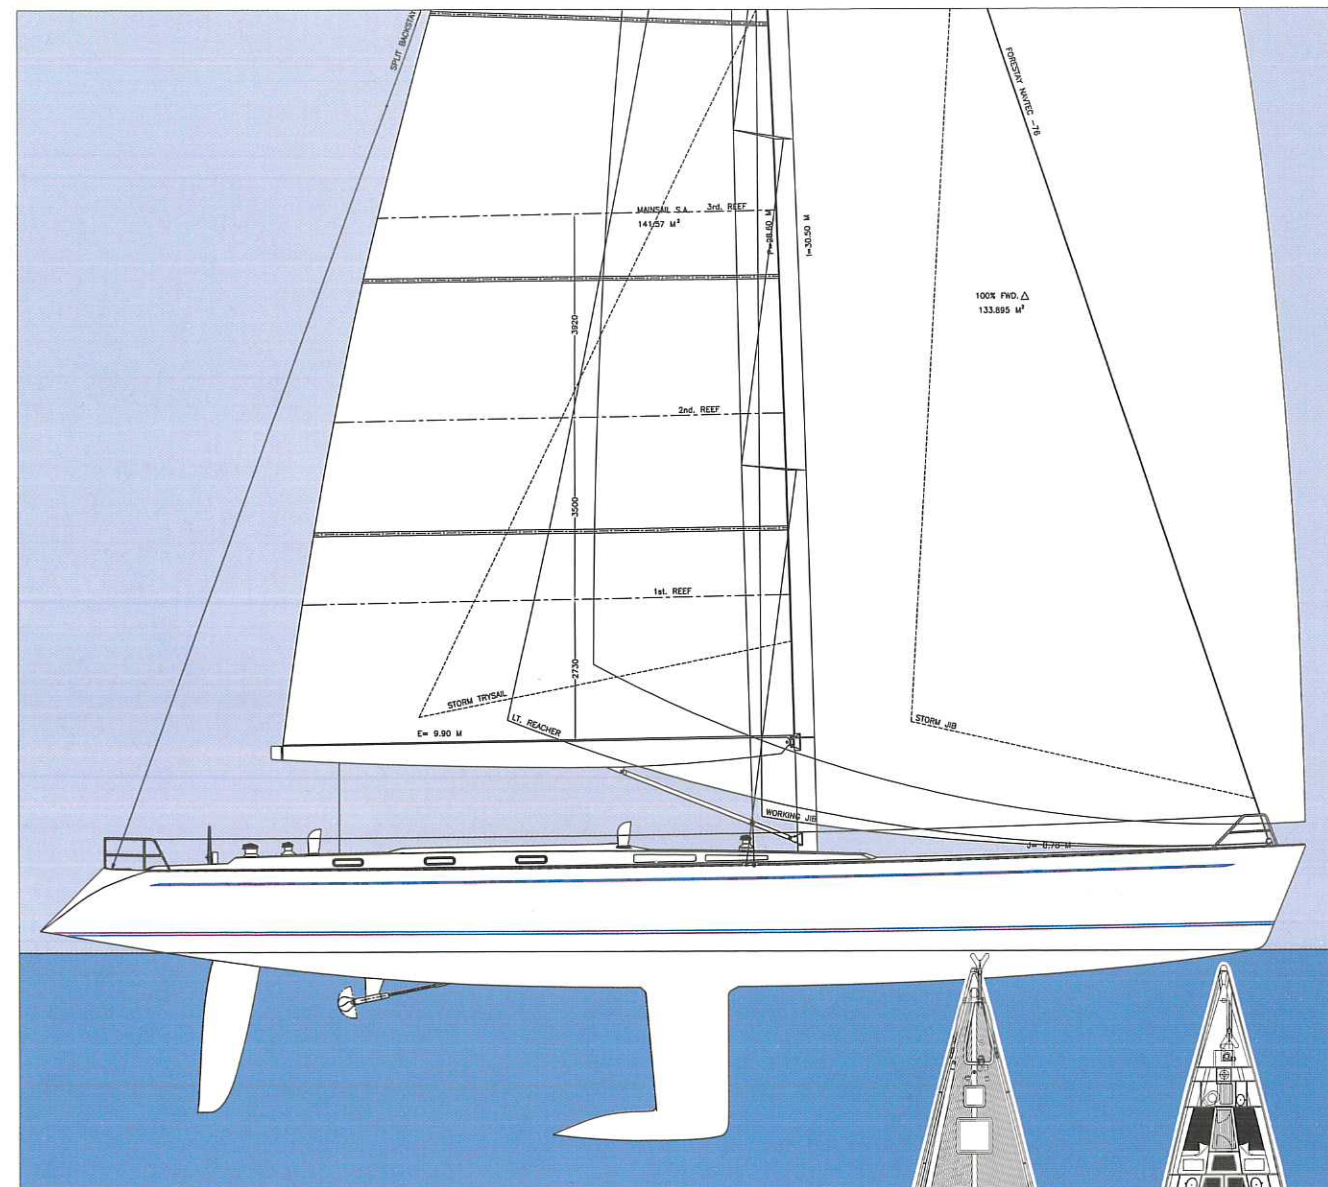

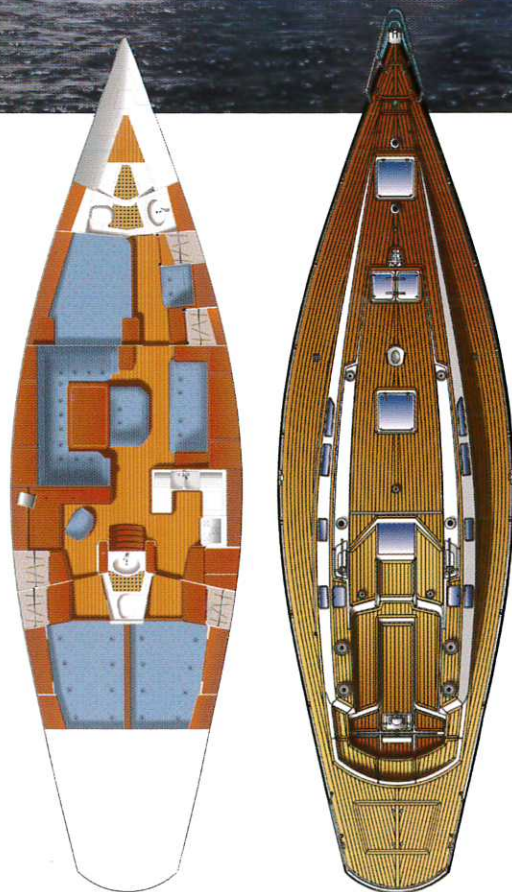

Length overall: 14,15 m (46'5"), Beam: 4,18 m (13'9")
Draft: 2,30 / 1,98 m (7'6" / 6'6"), Displacement: 12,4 t (27,400 lbs),
Engine: Volvo Penta TMD 22

Enjoy a modern classic

An well-proportioned yacht for serious cruising while being equally appropriate for a short, comfortable overnight jaunt. Combining elegance, functionality and quality in the upper luxury class dimension with the clean heeled rush of performance that is the hallmark of a Peter Norlin design. Every little thing of good solid quality. You'll feel it as you step aboard, that unmistakable ambience of the best craftsmanship in the world. You'll feel it as you put out to sea, the unmistakable feeling of security. Comfortable bathrooms (call them heads if you must). The interior caters for your every wish, while deck fittings and equipment will satisfy the whim of the most demanding sailor.

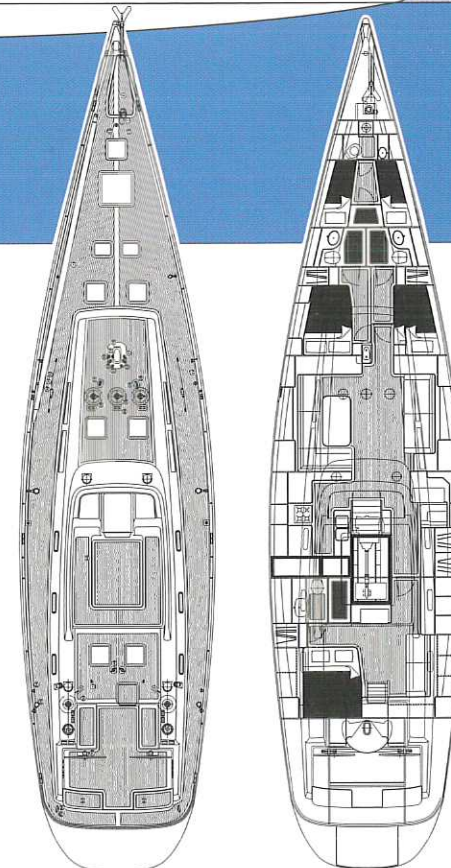

Length overall: 15,86 m (52')
Beam: 4,35 m (14'3")
Draft: 2,60 / 2,10 m (8'6" / 6'10")
Displacement: 15,5 t (34,200 lbs),
Engine: Volvo Penta TMD 31

High-tech elegance

This 80-footer designed by German Frers is the latest and largest one-off yacht built by Sweden Yachts. The very first dates back to 1976 when the 12 meter "Sverige" was built as the first Swedish challenge to enter the America's Cup. The building of the 80-footer is based on the latest technology, incorporating prepreg carbon/kevlar-epoxy in a sandwich design applying an advanced, vacuum bagging-heat curing process. Mast and boom are all carbon/epoxy, autoclave-cured products. Luxury interior in contemporary Scandinavian design and joinery in selected American cherry to foremost quality Swedish boat-building traditions. A yacht built to satisfy the highest demands.

Length overall: 24,45 m (80'2"), Beam: 5,65 m (18'6")
Draft: 3,6 m (11'10")
Displacement: 28 t (61,800 lbs),
Engine: Yanmar 250 hp 6 cylinder

"A Sailor's Dream"

To let you in on the fascination about sailing a Sweden Yachts 50, we quote one of the owners: "On this yacht I feel like I do in my house. it has been planned and made with great care and attention to detail. It offers absolutely everything that you can possibly wish from well-being and security for week-ends, vacations or longer trips. She is a tremendous joy to sail, whether with good friends onboard or just the family. I have sailed a lot of different yachts. Sweden Yachts are among the best in the world."

Length overall: 15,25 m (50'), Beam: 4,35 m (14'3")
Draft: 2,60 / 2,10 m (8'6" / 6'10")
Displacement: 14,5 t (32,000 lbs),
Engine: Volvo Penta TMD 31

YACHTS
70

Sweden Yachts 70

This is the largest in the Sweden Yachts range of production yachts and we will build it for the owner who is looking for something very special. She carries with her the successful concept from the Sweden Yachts fleet: the optimal combination of elegance, functionality and quality in the upper luxury class dimension.

The "Customization" philosophy makes it possible for the owner to plan and influence the design of his boat to a large extent: Whether it is to be a sloop or ketch, choice of wood for varying interior layouts and with equipment after his own ideas.

Length overall: 21,25 m (70'), Beam: 5,18 m (17')
Draft: 3,20 / 2,60 m (10'6" / 8'6")
Displacement: 31 t (68,600 lbs),
Engine: Volvo Penta TAMD 41

Our ambition: "Let's make the best sailboats!"

People

Sweden Yachts, that's us. People with ambitions and no compromise about quality, functionality and elegance. We build the best boats for the highest demands. The Sweden Yachts owners have become our friends all over the world.

Sailing

Speed and safety is a large part of the design work of our yachts. Peter Norlin is famous world-wide for his designs.

Living Space

We want our owners to feel good when they are sailing. That is why we combine sailing performance with the highest demands on space and comfort, choice of equipment and security.

Workmanship

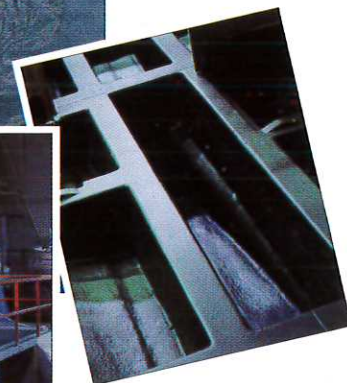

Technological developments are important to us but only if they can be combined with the traditions of the workmanship that makes each Sweden Yacht a masterpiece.

Quality

The choice of materials is an important part of the building of quality yachts and we feel the responsibility to the security of our owners. All the research that goes into the designing of our yachts is a vital part of the long life and high secondhand value of our yachts.

All Sweden Yachts are built to meet CE Cat "A" Ocean standards.
